

# “Suhana Safar – A Divine Initiative Dedicated to the Companions of Our Journey”

**Location:** Sukh Shanti Bhawan, Neelbad, Bhopal | **Date:** 13 July 2025

**"Suhana Safar"** was not merely an event, but a philosophy of life —

A unique expression of empathy and gratitude towards all drivers and co-drivers associated with transport and travel.

Those who help others reach their destination were honored — a golden milestone of Suhana Safar.

Where the count of passengers always mattered, for the first time, the charioteers were truly recognized.

**Senior Rajyogi Brother Ramkumar ji**, at the beginning of the event, eloquently expressed the true essence of “Suhana Safar” to the audience. He said, “We’ve all undertaken many journeys — by train, plane, bus, or taxi — but have we ever thanked the drivers who safely take countless people to their destinations?” This noble sentiment was the inspiration behind this special initiative organized by the Transport & Travel Wing of the Rajyoga Education and Research Foundation in collaboration with the Brahma Kumaris.

The program began with **Respected Neeta Didi, Director of Sukh Shanti Bhawan**, invoking divine remembrance and warmly welcoming all guests with heartfelt words. She shared that whenever one hears an announcement like “Dear passengers, please pay attention,” a new wave of energy and enthusiasm arises from within — this event was meant to evoke that very spirit among all present.

Following this, **Mr. Vinod Jain, Secretary of the Truck Transport Organization, Bhopal**, wholeheartedly appreciated the initiative taken by the institution for individuals involved in the transport sector.

**Mr. Rakesh Chopra, Zonal President of the Indian Tourist Transport Association**, also shared his insights, emphasizing that the driver holds the most critical role in any journey — a truth that society often overlooks.

In the same spirit, **Mr. Kamal Panjwani, President of the Truck Transport Association, Bhopal**, described drivers as artists — When they feel energized and valued, only then can a traveler’s journey truly become “Suhana” (beautiful).

**A soulful musical performance by Rupesh Prajapati and Rishika Prajapati** sang the classic line: “Yoon Hi Kat Jayega Safar Saath Chalne Se”

**Postmaster General (M.P.) Mr. Vineet Kumar Mathur** spoke about the immense contribution of the transport sector to India's economy.

**From Bhilai, Chhattisgarh, Mahamandaleshwar Dr. Sunil Shukla** shared that upon entering the venue, he experienced a profound sense of peace and joy

The event culminated with an impactful presentation by **BK Kavita Didi, National Coordinator of the Transport Wing**, who transformed “Suhana Safar” into a deep spiritual journey filled with timeless life messages.

She took the audience on a symbolic journey via a metaphorical train created through AI — where each station introduced a value or experience central to human life and growth.
